## Profile

I graduated from Moscow Medical College's Nursing Department and gained valuable experience in the medical field for a year. Driven by a deep passion for computer science and technology, I transitioned my career focus and immersed myself in software development. Throughout my educational journey, I've honed my skills in a range of technologies, including C#, OOP, MS SQL Server, HTML, CSS, Bootstrap, Javascript, and React. Additionally, I possess expertise in areas such as ORM, Linq Queries, Entity Framework Core, Asp.Net Core MVC, and Web API Application Development. I am enthusiastic about leveraging my diverse background and technical proficiency to contribute effectively to innovative projects. Continuously eager to learn and adapt, I am committed to staying updated with emerging technologies and enhancing my capabilities in the software development landscape.
